The latest published Rules of the Bureau Veritas Marine & Offshore Division and the General Conditions are applicable  
*La dernière édition des règlements de la Division Marine & Offshore du Bureau Veritas ainsi que les Conditions Générales sont applicables*

Any person not a party to the contract pursuant to which this document is delivered may not assert a claim against Bureau Veritas for any liability arising out of errors or omissions which may be contained in said document, or for errors of judgement, fault or negligence committed by personnel of the Society or of its Agents in the establishment or issuance of this document, and in connections with any activities for which it may provide.

Extract of Rules Pt A, Ch 2, Sec 2, [3.4]

3.4.1 - Information given in the Certificate of Classification, associated endorsements, Rules and specific documents enables the Owner to identify the status of surveys and recommendations.

3.4.2 - The omission of such information does not absolve the Owner from ensuring that surveys are held by the limit dates and pending recommendations are cleared to avoid any inconvenience which is liable to result from the suspension or withdrawal of class; see Ch 2, Sec 3.

Toute personne qui n'est pas partie au contrat aux termes duquel ce document est délivré ne pourra engager la responsabilité du Bureau Veritas pour les inexactitudes ou omissions qui pourraient y être relevées ainsi que les erreurs de jugement, fautes ou négligences commises par le personnel de la Société ou par ses agents dans l'établissement de ce document et dans l'exécution des interventions qu'il comporte.

Extrait du Règlement Pt A, Ch 2, Sec 2, [3.4]

3.4.1 - Les informations données dans le Certificat de Classification, les endorsements associés, le Règlement et les documents spécifiques au navire permettent à l'Armateur d'identifier la situation des visites et des réserves.

3.4.2 - L'omission de ces informations ne décharge pas l'Armateur de s'assurer que les visites sont effectuées aux dates limites et que les réserves en suspens sont levées, afin d'éviter les inconvénients pouvant résulter de la suspension ou du retrait de la classe; voir Ch 2, Sec 3.

## Cargo & Ballast Capacities

### Ballast Tanks

Tank/Hold Identification	Initial Frame	Final Frame	Position	Last survey	Job Number	Protection	Coating Cond.	Annual Exam.
Forepeak FW Ballast	62	69	Centre			Hard coated	Good	No
Aft peak FW ballast	0	5	Starboard			Hard coated	Good	No
Aft peak FW ballast	0	5	Portside			Hard coated	Good	No

Coating condition is defined as follows:

- GOOD condition with only minor spot rusting
- FAIR condition with local breakdown at edges of stiffeners and weld connections and/or light rusting over 20% or more of areas under consideration, but less than as defined for POOR condition
- POOR condition with general breakdown of coating over 20% or more or hard scale of 10% or more, of areas under consideration

The requirements related to the annual internal examination of ballast tanks are given in the Rules.

## Class / Statutory Status

The Class / Statutory Status below shows the information available in VeriSTAR Info database at the time the report is printed. This may not indicate certificates issued, surveys carried out or recommendations issued but not yet reported to BV Head Office.
